SKILLS

- Python Programming
- Machine Learning
- Deep Learning
- Neural Networks
- Data Modeling
- Algorithm Optimization
- Model Deployment
- Cloud Computing
- Problem-Solving
- Analytical Thinking
- Team Collaboration

LANGUAGES

- English
- Urdu

SUMMARY

As a passionate AI & Machine Learning Engineer, I am eager to contribute my expertise in developing innovative solutions that drive efficiency and enhance decision-making. With a strong foundation in algorithms and data analysis, I am excited about the opportunity to join your dynamic team, where I can collaborate with like-minded professionals to push the boundaries of technology and create impactful AI-driven applications that transform industries.

WORK EXPERIENCE

AI & Machine Learning Engineer 2025 - PRESENT
Independent / Self-Employed, Faisalabad, Pakistan

- Developed cutting-edge AI models, boosting efficiency by 30%.
- Implemented machine learning algorithms, enhancing predictive accuracy by 25%.
- Optimized data pipelines, reducing processing time by 40%.
- Achieved a 20% increase in customer satisfaction through personalized solutions.

Full Stack Engineer Intern Jun 2025 - Sep 2025
NETSOL Technologies, Lahore, Pakistan

- Developed full-stack web modules using React and FastAPI for finance platforms.
- Built robust MLOps pipelines to preprocess and validate multi-source financial data.
- Integrated Generative AI and LLM orchestration to automate complex workflows.
- Maintained reusable code across microservices using Docker containerization.

EDUCATION

BS in Artificial Intelligence 2023- PRESENT
The University Of Faisalabad
Faisalabad, Pakistan
GPA: 3.8 / 4.0
